

Retort films with excellent dropping puncture

# RXC-22 (R-CPP)

## Applications

## Features

- Excellent impact resistance.
- High seal strength after retort treatment
- Withstand retort treatment at 135°C for 30 min.

## Properties

### Dropping puncture resistance

Pouch structure:

PET#12//AL#7//RXC-22

Pouch size:

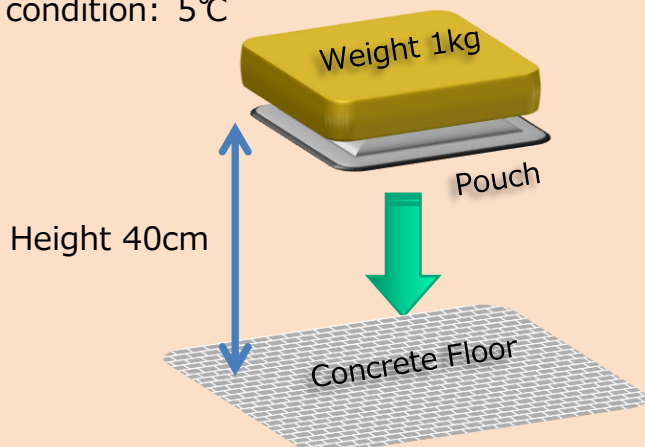

125mm (MD)\*175mm(TD)

Content: Water 200CC

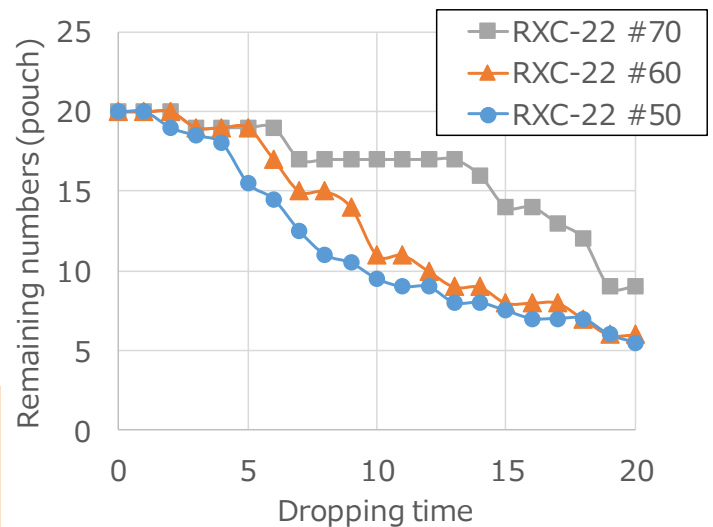

Retort condition: 125°C30min

Sample numbers: 20

Testing condition: 5°C

Number of pouch remains unbroken
